Dear Lois & Clare.

Your letter came yesterday and I'll
try and answer it. I Xeroxed
some copies of the sheet I think
you wanted. Hope ~~the~~ they will
do.

Robert-

Now about Grandpa Michie and the
Old Heber flour mill. I was told
that he helped build it and
Abram Hatch either owned it or
had something to do with it.
It was my understanding that
Grandfather Michie ran the mill
or operated it, whichever. Then
when more modern machinery
came in he didn't or they
didn't feel he was qualified
to run the modern rollers.

anyway I think he went to
Bench Creek then Woodland. I
think he took care of post
office at Woodland at one time.
Lucille has a granddaughter
going to Richs - Her name is
Mindy Packard. Its her first

year. She says she likes it.
We had a great daughter born Nov
25, 1911. It is Bob's granddaughter -
It's too much to think about how
fast time flies - It was only a
few days ago that Bob was just
a little feller - He will be 44 on
April 2nd.

Now on genealogy - Myronne
Perry in Provo used to be the
Michie family genealogist - She's
a niece of Hilda's - Lefthead Jones was
her mother. She & her husband
came up to Erma's and also your
dad's funeral. I can't remember
her husband's name. Carol might
find her. She lives over on
the old road going out of Provo just
north of B.G.U. They might spell
name Parry.

This sheet came from Lola
Kernelious. Aunt Chris Bise's daughter
Clare Kernelious that you can go ice
fishing and I can't. I went ice
fishing on flaming gorge once and
sure enjoyed - I haven't been

Mr. & Mrs. Mahoney -

I have been on jury duty for two weeks - just got released 4 PM today. The week end my family were all here from the 4 quarters of the planet & aid in eating my 80 year old birthday day cake.

Now here is some historical records that may or may not be what you are looking for -

I have a 57 page History written by my mother - Mayrtle Sigeth Michie Wilcken - granddaughter of Robert Michie in the which she tells her own recollections of her grandfather Robert Michie - and her own father Robert Morris Michie.

In case you are acquainted with the Anderson Ranch at junction of North & South Fork of the Grand River - Long known as the Stewart Ranch - was first property owned by my grandfather Carl Henry Wilcken, obtained by patent signed by President Grover Cleveland Apr. 1888. My Great Grandfather built the first mill at Kamsa & Weber - later operated by some of the Michie & Lambert families. The Wilcken & Knight families were close friends.
